BOARD & ATTENTION

The diagram illustrates a workflow for drawing attention. On the left, a presentation board displays the text "Lexical analyzer" and "Dept. of Computer Engineering, Hansung University, Sung-Dong Kim". A red handwritten note "필기!!!" is visible. On the right, a control panel features a "Pen-Color:" dropdown menu set to "빨간색" (Red), and three buttons: "전체삭제" (Delete All), "주목!" (Attention!), and "주목취소" (Cancel Attention). The "주목!" button is highlighted with a red box. A red arrow points from this button to a mobile device screen at the bottom right, which displays "Attention!!!" in large white text. The text "CLICK !" is written in red above the arrow.
